

Best Management Practices Workshop for the Morro Bay Watershed

The Coastal San Luis Resource Conservation District (CSLRCD) and the Morro Bay National Estuary Program (MBNEP) are hosting a half-day workshop to provide landowners with information on considering and implementing best management practices to address water quality, soil health, wildlife habitat, and water conservation issues on your property in the Morro Bay watershed.

The workshop will include local practitioners, experts, and funding agencies.

WHEN: Tuesday April 30th 2019, 9AM – 11AM

Optional field visit: 11:15AM to 12:15PM, to visit examples of a rural roads improvement project at Cal Poly

WHERE: Cal Poly Beef Center

Pennington Creek Road, San Luis Obispo, CA 93401

RSVP by Tuesday 23rd April 2019

by contacting Hallie Richard at:

Hrichard@coastalrccd.org (805)772-4391

The workshop will feature BMPs such as:

- agricultural enhancements,
- grazing practices,
- riparian enhancement,
- road maintenance,
- and funding opportunities.
